- 8:00 Adjourn

Workshop Purpose

The purpose of this workshop is to help landowners understand the importance of their woodlot, and how to maximize any profits from timber coming off their land.

Other topics include where to look for professional advice and potential cost-share money available to landowners, as well as what programs you might be eligible for. Come, ask questions, and learn more about the world of forestry!

The event will be held on

February 4th, 2015

at the

Caro Tech Center
1401 Cleaver Rd
Caro, MI 48723

Registration

This event is FREE.

Space is limited though; please register to secure your spot. To register:
