

It's Time To Get Your Fruit Trees Ready For Spring!

Expert advice on pruning your fruit trees with MSU Extension SE MI Fruit Educator Robert Tritten. Bob has over 40 years with Orchards and Growers.

Fruit Tree Pruning Workshop Hosted by MSU Saginaw Valley Research and Extension Center, Tuscola, Saginaw, Bay and Genesee Conservation Districts and Southeast Michigan MSU Extension offices.

This workshop is provided free of charge, most of the morning will be inside but bring warm clothing and boots because we will have the option to go outside for the last half hour to demonstrate pruning on real fruit trees.

There will be district spring tree order forms available as well as handouts on pruning and conservation programs available to landowners.
